Let's choose environment-friendly plastics  
for waste reduction and recycling

# Plastic Products

## Choose

- Environment-friendly plastic products

Such as:

- Only small volume of plastic is used
- Simple packaging
- Durable plastics

Specifically, bioplastics

- Avoid using disposable plastic spoons, straws you use only once and then throw away.

Change your lifestyle to carry your own cutlery.

## Reduce

## Recycle

- Some supermarkets collect plastic wastes for recycling.
- Municipal office requests its citizens sorted plastic waste collection.

Recycle plastic wastes
